

## Beds & Herts LMC Business Fundamentals

### New to Partnership Programme

The Beds & Herts LMC Business Fundamentals Programme is designed for new and aspiring partners who wish to develop their understanding of the 'business basics' to develop their role within general practice at operational and strategic levels. This course is for GPs and other clinicians who have recently joined as a partner or are seriously considering joining as a partner in the near future.

The programme consists of 6 full day workshops at the Putteridge Bury Conference Centre, Luton, LU2 8LE. The content has been aligned to the Partnership Competency Based Self-Assessment, newly designed by the LMC. This tool is for current and future partners to assess their level of confidence in the eight competency areas, four of which come under the domain of Leadership & Governance, and four under Management.
