

Beds & Herts LMC Business Fundamentals is a modular introductory programme aimed at New to Practice and early career professionals who wish to gain some knowledge and understanding of the business essentials of general practice at operational and strategic levels. Six 'bite-size' modules are delivered online from March to June 2024.

Eligibility: The programme is kindly funded by the BLMK and Herts & West Essex ICB Training Hubs. You must therefore be new to general practice and working in Bedfordshire, Luton, Milton Keynes, Hertfordshire or West Essex. Please register your interest via your local Training Hub (see below).

Requirements: Delivery is online via MS Teams and to participate, you will need a strong internet connection and access to a device with a microphone and camera. This is your protected time, so we kindly request you join on time and avoid distractions and interruptions.

There is no formal assessment, but we invite you to actively participate, connect with others, reflect on your practice and consider next steps in developing your career. We therefore recommend you attend all modules to fully benefit from the programme.
